Forecast For Wales
Issued by Met Office Exeter
at 0400 on Thursday 18 Feb 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Wet and windy at first. A drier afternoon.

Today:
A wet and windy morning as a band of rain, heavy at times sweeps across the country. Rain clears to the east later, leaving behind scattered showers and sunny spells. Rather mild but with a risk of coastal gales. Maximum temperature 9 deg C (48 deg F).

Tonight:
Lingering showers clearing during the evening, leaving a mostly dry night with clear skies. Clouds thickening during the early hours with rain moving in by dawn. Remaining windy. Minimum temperature 5 deg C (41 deg F).

Friday:
A wet day across the country with consistent rain, heavy at times arriving in the morning and persisting throughout. The southwestern areas will see the heaviest outbreaks. Remaining windy. Maximum temperature 11 deg C (52 deg F).

Outlook for Saturday to Monday:
Prolonged rain, locally heavy arriving on Saturday and persisting over the weekend. Rain clearing during the night on Sunday leaving drier conditions for Monday. Mild and breezy throughout.
